Deskripsi

JOANLAB is an advanced scientific equipment company, which focus on developing, manufacturing and selling laboratory instrument. Our main products including magnetic stirrer, heating mantle, pipettes, centrifuge, vortex mixer, vacuum pump etc.

Brand name: Joanlab

Product name: LCD Display Precision Electronic Balance

Capacity: 200g/300g/500g

Resolution: 0.001g

Power: AC110V~240V Adapter

- 1.Large font LCD display with backlight,clear reading
- 2.The multiple functions modes with counting,unit conversion and weighing
- 3.External power supply adapts to the global voltage automatically, at emergency situations can use standard battery
- 4.The low power warning, overload indication,level indicator,adjustable feet
- 5.Stainless steel weighing pan and weighing platform are solid and durable,easy to clean
- 6.Five-side full-transparent glass windscreen, to prevent air interference in all domains
- 7.Selected high-grad core device,suitable for professional weighing
- 8.The standard button design, easy to operate
- 9.The shell is made of professional engineering material,can use a long-time
- 10.Standard RS232 interface output (optional)

Product Specification

Product parameter			
Product image			
model	FA2005S	FA3005S	FA5005S
Level of accuracy	(E)		
Maximum weighing	200g	300g	500g
Accuracy	0.001g		
Repeatability	±0.002g		
Linearity error	±0.0002g		
Stable schedule	<3 seconds		
Display	4" LCD		
Display type	LCD		
Dimensions	120*100*260(L*W*H)mm		
Calibration method	External Calibration		
power supply	AC110V~240V/50Hz dry battery*4		
Maximum power	2W		
Clock weight	2kg		
net weight	2kg		
Package Size	375*255*140(L*W*H)mm		
Communication interface	RS232 interface
